

# Calshot Sailing Club

## Sailing Calendar 2018

The committee have made a few changes to the sailing calendar this year in response to the survey feedback; we hope you like it. There's effectively two calendars, one for those who want to race and one for those who just want to enjoy the freedom of sailing at a fantastic location. Both event types will run in parallel and rescue cover is there for everybody on the water.

Of course, the weather and events will often conspire against us so please watch your e-mails (the preferred means of communication) for any last-minute changes. We hope you have a great season's sailing.

Key to the event names:

Gannet, Curlew, Tern and Sandpiper	Series of challenges such as sailing around a course (away from those racing). The Gannet series even has hot food afterwards.
Friday Club	Training sessions for younger members
Lazy Sundays	Same course as the racers but with a different start time. No pressure, just a bit of fun.
Introduction to Racing	Join in the racing but the rules are a bit different, newcomers have absolute priority, everyone else gives way.
Women on the Water Evening Training	Special event for women who want training when those pesky men aren't around.
Crew Swap Sailing	A fun event and a great way to find out more about each other and our boats.
Boat Swapping	Just like the crew swap really, accept this is for those who are happy to let others try out their boats.
Evening Sail	Making the most of the summer evenings.
Camping for Family Fun Weekend	A host of events for the family. Watch you e-mails for further details.
Free Sailing	Just because some are racing it doesn't mean everyone has to. Open to all, any special events will be notified by e-mail.
Ashlett sail away	Short cruise to the Jolly Sailor for a pie and a pint
Short Cruise	Short cruise on the tide, watch your e-mails for the details
Full Day Sail	Longer cruise (over 6hrs), going out on the falling tide and returning on the rising tide.
Personal Handicap	Sailing with the other racers but with a handicap system that gives the less experienced a better chance of competing. Special consideration given to those who don't normally race.
Fun Racing	A series of races for those who just want to have a relaxed race without the pressure of a full series.
Class Racing	Mainly for classes like the Laser who can get a fleet of boats together. That doesn't stop others from sailing/racing though.
Easter Egg Series	A full series of races over the Easter weekend. Chocolate eggs to be won.
Silver Salver, RNLI Pennant, Rose Bowl, Pint Pot, Winter Series, Windsor Bell, Richard Edwards Trophy	For the keen ones. All of these race series have a trophy associated with them
Ashlett Race	A race to Ashlett that runs in parallel with the Ashlett cruise.
Evening Series	Squeezing the most out of the long summer days. Be prepared for some faster running tides though if the tide is early.
Bottle of Wine	The prize is just as the name suggests
Box of Chocolates	Guess the prize at the end of the series
Breakfast Races	Firing up the barbeque for burgers after the sailing
Winter Series	Racing for those in denial about the onset of winter

Colour Key:
