APPENDICES

By-Laws

A. Road Trailers in the Compound

It is the policy of the club not to have road trailers permanently stored within the compound. It is permitted for members to bring their road trailers into the compound, and store their boats briefly on them in order to ease the moving of their boat into and out of the compound. In exceptional circumstances, the committee will consider a written request to store a road trailer under a boat within the compound, providing the following criteria are met. The trailer fits within the width of the member's boat / launching trolley, does not produce a hazard by increasing the length of the boat / trailer combination, and the road trailer is immobilised in the compound so it cannot immediately be used to transport a boat. In addition to the above, a fee will be charged as prescribed by the committee from time to time. Road trailers not complying with the above may be immobilised along with the member's boat by the committee until either approved for storage or arranged for removal from the compound.

Introduced: November 2004

B. Identification of Belongings

Any member wishing to leave boats, equipment or belongings at the club shall ensure that they are labelled with the member's name. Any items not labelled may be subject to removal from the club by the committee.
